Now Is the Time to Sell

Some Great Reasons to Sell Now

- ✓ Maximize your return on investment. There are plenty of buyers looking right now, and you can get the best possible price for your property.
- ✓ Taxes only continue to increase.
- ✓ Children have grown up, a family member passed away, or you purchased another property. These are a few examples of life changes that may lead you to sell.
- ✓ Consider opportunity costs. Add up your mortgage, utilities, taxes, repairs, and maintenance costs. Is it more beneficial to park this money elsewhere? Would you rather invest in your lake home, a vacation, another property, or an investment?
- ✓ Consider how much time you actually spend at the lake and the average cost per day. Take the total cost from above divided by the number of days you spend at the lake. How much is your property costing you for each day you use it?
- ✓ Many buyers are imagining themselves at the lake as the weather gets warmer. It's a seller's market!
